Welcome to the Institutional Day of #StopHatredNow 2024!  
Participating is free of charge, but requires pre-registration.

#StopHatredNow is an intercultural and anti-racist week-long platform organised once a year in collaboration with several art and intercultural organisations. The platform strives to create discourse and offers tools to create a more inclusive, diverse and feminist art field.

#StopHatredNow is aimed at individual artists, cultural influencers, and institutions of art and culture, but anyone interested in the topics is welcome.

The event is held in Finnish and English. The rest of #StopHatredNow will be held mainly virtually, on Zoom. You can follow the stream online via Facebook and in <https://www.stophatrednow.fi>.

Welcome!

Vuonna 2024 #StopHatredNow is organized in collaboration with Arts Promotion Centre Finland, Catalysti, Culture for All service, EMMA, Globe Art Point, Goethe-Institut Finnland, FinnAgora, Kiilar, MiklagårdArts, Ministry of Education and Culture, Publics, Titanik, UrbanApa sekä Zodiac – the Center for New Dance
